

Alliance of Molar Incisor Hypomineralization
Investigation and Treatment

The 2nd Alliance of Molar Incisor Hypomineralization
(MIH) Investigation and Treatment (AMiT)

Updates & New Emerging Disciplines

13-16 November, 2024 | Berlin, Germany

WE'RE BETTER
TOGETHER

WELCOME LETTER

“Great things are never done by one person”

by Steve Jobs

The 2nd Alliance of Molar Incisor Hypomineralization (MIH) Investigation and Treatment (AMIT), Updates & New Emerging Disciplines, will take place 13-16 November, 2024 in the cultural city of Berlin, Germany.

The Symposium will kick off with an Educational Day which will address Dental Traumatology and Hands-On Workshops.

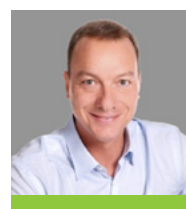

The main symposium edition will include new emerging disciplines such as digital dentistry, artificial intelligence, new biomaterials, telemedicine and dental traumatology.

AMIT 2024 is a forum for Paediatric Dentists, General Practitioners, Orthodontists, Prosthodontist and Periodontist Interested in the Field of Paediatric Dentistry, Specialists in Community Dentistry, Dental Therapists, Dental Assistants, Oral Hygienists, Pediatricians/Neonatologists, Geneticists, Academic Researchers and business leaders. It involves multiple presentations, hands-on product demonstrations and unrivalled networking opportunities.
